LESSON 34

Decided!!

LESSON 34
決めました!

This is not just a gift you're talking about!!
Please!!
Wait a minute...!
Calm down.
You're just a little ..unstable... unstable right now.
Oda Mari!!
...unstable...
Emotionally...
But...
Maybe
Maybe I have been...

Well...
Strangely calm.
Now I feel.....
I think I'm being sensible.
I'm not calm!
No, I can't.
Can I continue as I am now?
If I'm not a virgin when off-campus training begins, there are many fewer problems.
Putting it another way...

I'll be forced to drop out..
I……
Sensei, you must do this!!
Never-theless, we can't do this.
Oda, please listen…
Doing this would be the same as doing enkō with one of my students.
もじもじ
I am supposed to protect young people.
レビろ
6
That's not what I mean!!
I am already 16 years old, old enough to marry!! Legally!!
あわわわ
That's non-sense!!
There are very heavy penalties for that!!

But that's not the case here, is it?
The rule says: "If there is a firmly established romantic love, then there is no problem."

Firmly established romantic relationship...

ハッ
――え？
Not the case here...

ズ!!ル…
っっ!!
Would you say that...
Part of you thinks there is a relationship??
グス グス グス
Sensei...
St-stop!!
Oda Mari's lost it!!
Oh no!!

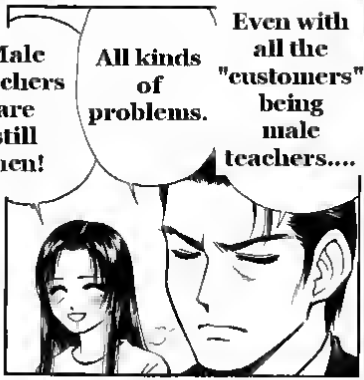
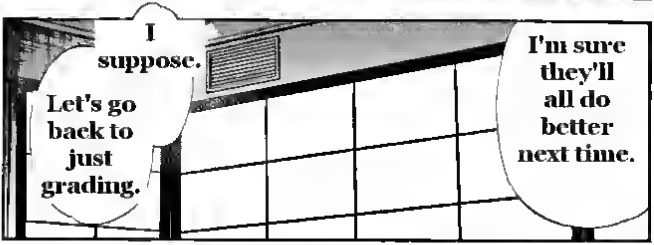
Na…
Naga-sawa!?



Male teachers are still men!
All kinds of problems.
Even with all the "customers" being male teachers....

Whew... That was tiring.
I'm sure you'll recover.



I suppose.
Let's go back to just grading.
I'm sure they'll all do better next time.

KYAAA!!

Naga-sawa!?

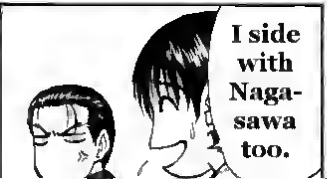
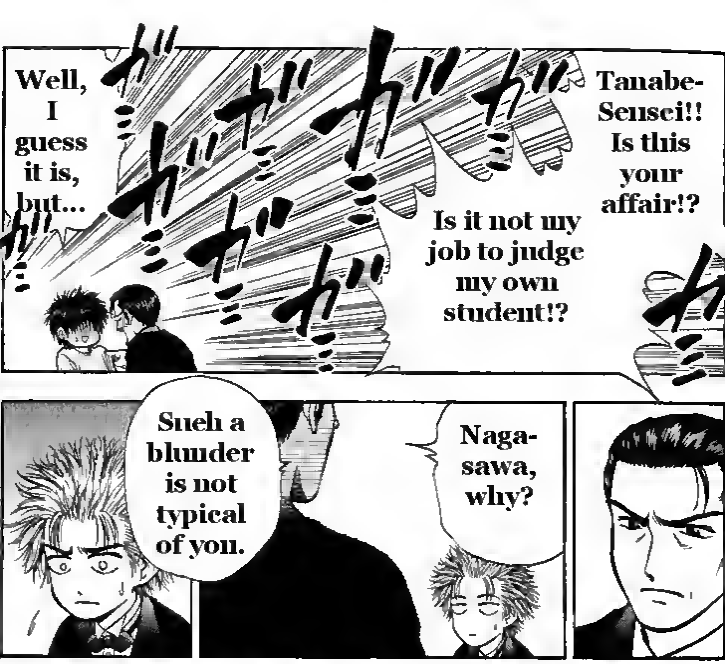
Now, now, Kurosawa-sensei.
In the real water trade you would be finished!

What on earth were you thinking!?
You are a moron among morons!
.....



I side with Naga-sawa too.



Well, I guess it is, but...
Tanabe-Sensei!! Is this your affair!?
Is it not my job to judge my own student!?

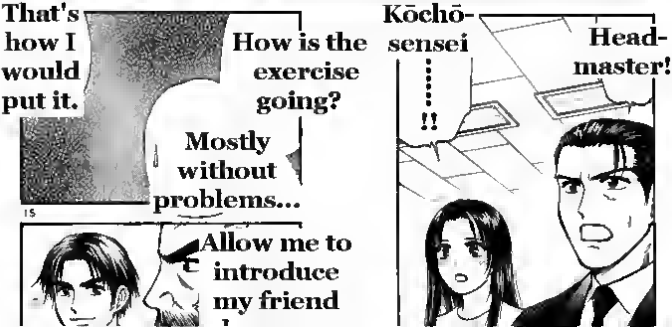
Such a blunder is not typical of you.
Nagasawa, why?

But...
It is clear to me now...
For that I apologize, Kurosawa-Sensei...
Acting like a jealous husband? Yes, that was bad.

I can't instantly switch off my feelings.
Even in this simulation, working apart from the girls, knowing that the woman I love is with another man...
3
"The manager cannot have feelings for the merchandise."
How can you say this!
Naga–

I can't mindlessly follow your strictures in every last detail.
But...
Kurosawa-sensei, I listen to you most of tbe time.
If we are bringing honor to tbis business, bow can we treat the girls wbo serve our customers just as mercbandise?
It is cbanging in our genera-tion.
Even if tbat bas been the common sense of managers
Naga-sawa, you...
Tbis is what I now believe.
Excuse me for my impertinance.
But...
14

Well, it seems all of you are here.

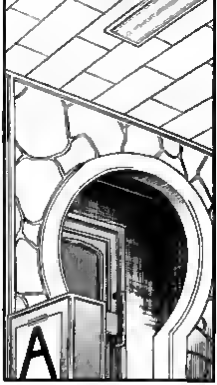


That's how I would put it.
How is the exercise going?
Mostly without problems...
15
Allow me to introduce my friend
Kōchō-sensei
!!
Head-master!!

Tachi-gawa...
I'm very interested in your exercise.
Name's Tachi-gawa. Nice to see you.
I'm hoping I can partici-pate in the exercise, but—
Give me a sec...
Eh?
How's it going?
I under-stand.
I'm just Tachigawa. Pardon me if my request is excessive.
Please back it up a bit, Tachi-gawa-san!

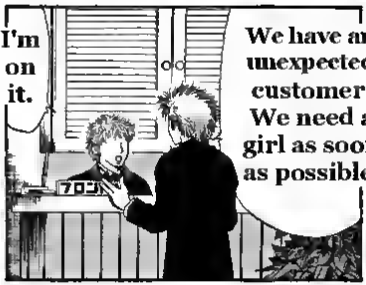
Na-Naga-sawa!?
I'm ready to serve you now!
Certainly the A-team can fit you in!
You can't say that on your own!
There's no reason to turn him down.
Well, yes, but..
The whole purpose of training is to be ready for anything, isn't it?
Kurosawa-sensei?
Lead on.
Come with me.
No prohlem.
Do you agree?
Let me explain. Since our girls are too young,
hoth of you will wear costumes during the exercise.

Thanks.
Please relax here while you wait for your turn.
Your number is six.

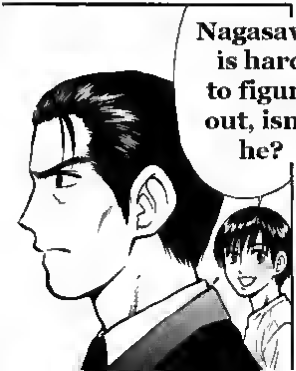


A

Customer #6, we are ready for you. Come with me.



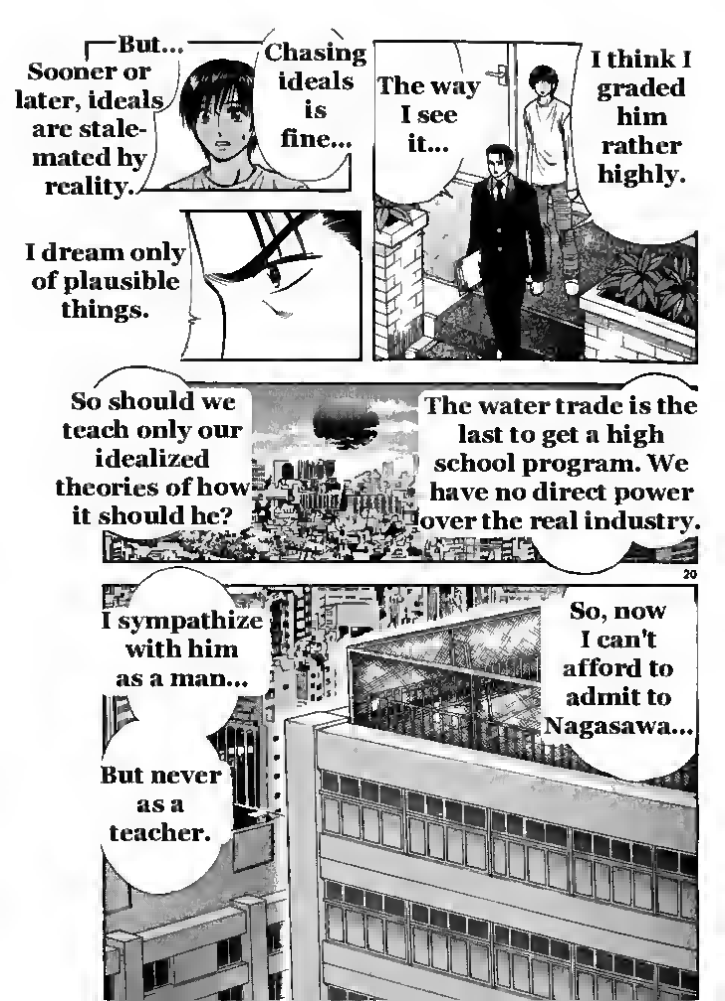
I'm on it.
We have an unexpected customer. We need a girl as soon as possible.



Nagasawa is hard to figure out, isn't he?

Happy to serve you.

Nagasawa's grade today is.....
Zero points.
Kuro-sawa-sensei!?
Don't take this the wrong way. This is my candid evalnation.
In a crowded train car, with a man molesting a woman...
It would be 100 points.
Doing it in the presence of a customer...
Minus 100 points.
His merits are exactly equal to his demerits.
That is where Nagasawa stands today.



But... Sooner or later, ideals are stale-mated by reality.
Chasing ideals is fine...
I dream only of plausible things.
The way I see it...
I think I graded him rather highly.
So should we teach only our idealized theories of how it should be?
The water trade is the last to get a high school program. We have no direct power over the real industry.
20
I sympathize with him as a man...
But never as a teacher.
So, now I can't afford to admit to Nagasawa...

Oh... I'm sorry...
I was lost in thought...
Yoshioka-sensei, are you listening?
It's hard for me to accept, but he has a point...
What are you talking about?
It looks to me that...
It's just that...

In fact, in some ways...
The Headmaster seems to be very close to Tachigawa...
